

Lodge Work Party Notice **Saturday August 24, 2024 9:00 AM**

Brethren,

Below is a list of items our Trustees have identified as needed maintenance at the lodge. Although this list only identifies some of the deficiencies with the building, if addressed, they will make a difference in the place we call home. I have highlighted several of the task our trustees are requesting assistance with. We can easily knock this out with your help. If there is a project that you feel you would like to work on, whether on the list or not, feel free to come out and get it done. Remember, we each have an equal share in our Lodge.

Please RSVP your intent to participate in this work party - so I can provide lunch.

Fraternally,

David A. Patriarca - Worshipful Master
609-220-9552

Lodge Projects:

1. Carpet Cleaning of the staircase and second floor carpet.
2. Light fixture repair on the front of the building.
